

REMARKS

The Examiner is respectfully requested to enter the foregoing amendment prior to examination of the above-identified patent application. The amendment to the Specification is to provide a paper copy and computer-readable form of the Sequence Listing. A separate Sequence Listing Statement is attached. Applicants have amended the claims to remove multiple dependencies, to correct typographical or clerical errors, and to place the application in conformance with standard idiomatic English, and with Patent and Trademark rules and practice. Support for the amendments is found, for example, in the claims as-filed. No new matter is added.

Applicant also submits herewith a verified English language translation of the application, including English language translation of the text in the figures and drawings. The required fee for submission of this translation is also enclosed.

If any additional fees are necessary, the Patent and Trademark Office is authorized to charge any fees necessary for entry of this amendment and response to Notice of Missing Requirements into the application to Deposit Account No. 19-0089.

If there are any comments or questions, the undersigned may be contacted at the below-listed telephone number.

Respectfully submitted,
